PART I
Introduction
&
Highlights of Tourism Related Activities

A. Introduction.

As per the UN Guidelines for Tourism Statistics 1971, the visitors are classified into two categories: 'Excursionist' - staying for less than 24 hours and, 'Tourist' - staying for over 24 hours or at least one night. For the preparation of this 'Statistical Report' Indian tourists coming by air and other tourists from third country coming by both air and surface traffics have been taken into consideration.

This report contains statistics relating to the tourists in terms of their nationality, country of residence, mode of transport, purpose of visit, age, sex and other relevant matters. It also includes the tourism receipt and availability of services in Nepal. The latter part of the report gives the information regarding Nepalese nationals visiting abroad.

B. Highlights of Tourism Related Activities.

The year 1987 was full of successful tourism related activities, as Nepal became the rendezvous of different regional meetings, seminar and national convention of which the first one was the Regional Meeting cum Seminar on "Heritage Conservation for Tourism Development" under the sponsorship of World Tourism Organization (WTO). The Regional Meeting cum Seminar was held in Kathmandu from March 30 to April 3, 1987, and was jointly organized by Commission for South Asia and Commission for East Asia and the Pacific under the World Tourism Organization. Similarly, the 36th National Convention of Travel Agents Association of India (TAAI) was also held in Kathmandu from April 30 to May 4, 1987. This was the second national convention of TAAI that was organized in Kathmandu the first one being held in 1979.

At the friendly invitation of Department of Tourism, a six member tourism delegation from the Tibet Region of the People's Republic of China visited Nepal from October 10 to 24, 1987. Several rounds of discussion were held and a Memorandum of Understanding was signed to promote tourism activities in both countries. Under the Memorandum of Understanding cross country trekking and extension of cooperation between tourism establishments in both countries were agreed in principle.

Nepal also participated in eight different international tourism fairs organized in different countries in order to boost up the tourism promotional activities. Likewise, Nepal's active participation in the 7th General Assembly of WTO held in Spain, 36th PATA Annual Conference held in Japan, PATA Board of Directors Meeting held in South Korea and PATA South Asia Chapters' meeting held in Srilanka are also notable events of the year 1987.

The ^{liberal} sky policy adopted by His Majesty's Government of Nepal so as to encourage the foreign airlines to operate in Kathmandu is one of the main highlights of 1987. Consequently, Singapore Airlines, Civil Aviation Administration of China (CAAC) and Lufthansa started their operation in Kathmandu. The Singapore Airlines started its twice a-week scheduled flights between Singapore and Kathmandu from July 6, 1987. The CAAC started weekly flights between Lhasa and Kathmandu from September 12, 1987. Similarly, Lufthansa Airlines of Federal Republic of Germany started its weekly flight between Frankfurt and Kathmandu from October 6, 1987 placing itself as the first airlines to have a direct airlink of Nepal with any European country. Moreover, charter flights of Condor also continued in the same year. The historical landing of the Concord aircraft of Air France and that of the Jumbo Jet Boeing 747 of Air Canada at Tribhuvan International Airport on October 12, 1987 and November 19, 1987 respectively were also some of the important happenings.

The contribution of Royal Nepal Airlines, the national flag carrier also remained very significant in 1987 as it added Karnali, a Boeing 757 aircraft with 16 Shangrila Executive Class seats for the first

time in its fleet. Royal Nepal Airlines also started its weekly flight between Kathmandu and Male, the capital of Maldives from October 3, 1987. With this extension the Airlines has now direct airlink with all the SAARC (South Asian Association for Regional Cooperation) countries except Bhutan. Furthermore, the Royal Nepal Airlines had some direct charter operation to Nagoya of Japan in December 1987.

The Industrial Enterprises Act had its second amendment in 1987. It further contributed to create conducive environment for more investment in tourism sector. In order to have a quality and efficient services from the agencies involved in tourism activities and to have increased participation of the private sector, His Majesty's Government adopted the liberal policy to simplify procedures on licensing of new travel and trekking agencies from August 20, 1987. Under this new arrangement a total of 19 travel agencies and 20 trekking agencies were registered in 1987. Similarly, several hotels were granted permission to be established in the same year. Nevertheless, two major hotels, Hotel Sherpa with 160 beds and Hotel Himalaya with 184 beds were also added in the Kathmandu Valley.

His Majesty's Government had formed a task force to formulate a long term tourism development plan and to study the future trend and facilities required for the growth. The task force has already submitted its first draft report and a one day seminar was held on October 18, 1987 to discuss and review the draft report.

From the point of view of international awards and medals too, the year 1987 remained very fruitful. A video film entitled 'Tale of Three Cities' produced by Department of Tourism with the cooperation of Nepal Television was awarded as the second best video film in the Sony Video Award for Cultural Promotion Contest held in Japan. A video film entitled "Nepal Where the Legends Live" was also made under the joint venture of Department of tourism, Royal Nepal Airlines and PATA Nepal Chapter. Similarly, Department of Tourism published a total number of 185,000 brochures and 39,000 pieces of posters in the Fiscal Year 2043/44 (1986/1987).
