PART I
Introduction
&
Highlights of Tourism Related Activities

A. Introduction

As per the UN Guidelines for Tourism Statistics 1971, the visitors are classified into two categories. 'Excursionist' - staying for less than 24 hours and, 'Tourist' - staying for over 24 hours or atleast one night. For the preparation of this 'Statistical Report' Indian tourists coming by air and other tourists from third country coming by both air and surface traffics have been taken into consideration.

This report contains statistics relating to the tourists in terms of their nationality, country of residence, mode of transport, purpose of visit, age, sex and other relevant matters. It also includes the tourism receipt and availability of services in Nepal. The latter part of the report gives the information regarding Nepalese nationals visiting abroad.

B. Highlights of the Year

Tourism in Nepal was not very smooth during 1990. Both domestic and international factors were responsible for the cause. The Gulf crisis that started in August with serious effect on international tourism, naturally caused some setback on Nepalese tourism also. The popular movement of the people which ended in the restoration of democracy in April had also some impact on tourist arrivals. However, the tourism sector of Nepal was quite eventful and its performance satisfactory during the year.

In realisation of the rich and diverse adventure travel opportunities available in Nepal, the Pacific Asia Travel Association (PATA) co-operated with His Majesty's Government to organise the second PATA Adventure Travel Conference and Mart in Kathmandu from January 31 to February 2. The conference was participated by 151 delegates and the Mart by 30 sellers and 53 buyers respectively. The first event of the kind was also held in Kathmandu in January, 1989.

A comprehensive study to provide a longer term strategy for tourism development in Nepal was carried out with the grant assistance of Asian Development Bank (ADB). A seminar participated by Government, Royal Nepal Airlines and the private sector was organised to review the findings of the study on Feb 5, 1990. Its final report entitled "Nepal Tourism Development Programme" which is in four volumes was prepared in June 1990. It brought so much ripples in the private sector that Nepal Association of Travel Agents (NATA), under the joint auspices of HMG and ADB, organised a seminar on the theme of "Investment Opportunities in Tourism in Nepal" to mark its silver Jubilee in the first week of December. The seminar was attended by 231 participants, 18 of them from foreign countries. A booklet providing the profiles of some of the ready-at-hand tourism projects in the line of ADB report, together with an account of investment incentives provided by His Majesty's Government, was brought out during the seminar which also marked the 8th National convention of NATA.

A study of proposed conservation area of Ram Krishna Tole in Pokhara was carried out by PATA in 1990. Similarly, studies of Pashupatinath Area in Kathmandu and Rasuwa district, north of the valley, were also carried out through local efforts with the objective of developing tourism.

A two-member delegation from USSR visited Nepal in February to discuss with the Nepalese counterparts ways and means to promote tourism between the two countries. A memorandum of understanding was signed between the two countries in this regard on February 28.

The new International Terminal Building of Tribhuvan International Airport was inaugurated by His Majesty the King on February 18. The new complex which retains the features of typical Nepalese artistic tradition has a capacity of handling 1060 passengers per hour.

Department of Tourism took part in the 39th Annual Conference of PATA and PATA World Chapters Congress held in Vancouver, Canada between April 20 and 26.

Special arrangements were made for tourists for observation of Kathmandu valleys' two most important cultural festivals namely "Gai Jatra" and "Indra Jatra" during August and September.

The newly elected president and executive vice president, Mr. Pierre Dooley and Mr. Kane Rufe of PATA visited Nepal in August at the cordial invitation of His Majesty's Government.

A tourism delegation from Tibet Autonomous Region of the Republic of China visited Nepal in December to have bilateral talks with the Nepalese counterparts.

To mark the occasion of World Tourism Day on September 27, hotels of different classified categories, travel agencies and trekking agencies topping in foreign currency earning in their respective sectors were honoured with trophies and certificates.

Aeroflot started its regular operation between Kathmandu and Moscow from August 15, adding one more name on the list of on-line international airlines operating in Kathmandu.

A group of 11 Indian journalists visited Nepal under the joint aegis of Hotel Soaltee Oberai and PATA Nepal Chapter in January. They were apprised of the contemporary tourism situation of Nepal. Following the restoration of status quo ante in transit and trade agreement with India, a group of 37 eminent Indian Travel writers and Agents representatives were also invited in September. HMG also hosted the visit of a prominent travel writer of "The Telegraph" published from UK in the month of September.

The Everest View Hotel, popularly known as the hotel at the highest elevation of the world, re-opened for tourists in October 1990 after renovation.

Department of Tourism was also involved in the formulation of national guidelines for Environmental Impact Assessment of development projects under the joint auspices of National Planning Commission and IUCN (World Conservation Union).

A one-day seminar "Tourism Trade and marketing Strategies" was organised in October to apprise the Nepalese tourism personnels of modern techniques in tourism marketing. An expert from Belgium, Dr. Norbert Vanhove, conducted the seminar.

A successful para-gliding test operation was carried out from Champadevi hill in the west of Kathmandu valley. There were 5 German and 2 trained Nepali guides to para-glide down the hill.

Nepal covered 11 of the international tourism related fairs or conferences during the year. Among the originating countries, USA, UK, Germany, India, Canada, Korea, Hong Kong, Switzerland, Sweden and Finland were covered for promotion. In promotional events like ITB, Berlin and World Travel

Market, London, joint participation of the Department of Tourism, Royal Nepal Airlines and the private sector was even more enhanced than previous years.

The Department of Tourism published travel advertisements in 18 different travel magazines and papers published within the country or abroad.

Department of Tourism produced 4,43,000 pieces of publicity materials which included brochures, booklets, posters, stickers, bags and batches.

Altogether 17 hotels, 26 travel agencies and 24 trekking agencies were registered during the year.
